

Dear Name of Prospect/Client:

Per your request, please see below quotes from various carriers you requested, and note that this is an estimate based on Preferred Rate Class. The rates can come back better or worse.

We have both permanent and term policies that have some very innovative features and benefits, including a new type of very affordable term life insurance with rates guaranteed normally to age 90, and a policy that includes disability protection. I would like to review these options and others with you in less than 15 minutes.

I personally have been in the life insurance business for almost 15 years, and will design a plan that best meets your needs, provide substantially better coverage, and normally at affordable rates.

Please note carriers do not require payment to submit an application, and will accept exams completed by other carriers in last 6 months. When may I call to to discuss options and provide a more accurate quote, and design a plan best suited for your needs?

Regards,
